Keyboard Shortcuts

Every action in Big Bad Wolf Saloon is reachable from the keyboard. Shortcuts work anywhere on the page — you don't need to click into the game first. They're context-aware: with the side panel closed the arrow keys change your bet, and with it open the same keys navigate between the panel's controls.

Spin & Play

The core controls — everything you need to keep the reels turning.

KEY	ACTION
Space	Spin the reels
Enter	Spin the reels (alternate)
A	Auto-spin — start / stop
T	Turbo mode — on / off
↑	Increase the bet one step
↓	Decrease the bet one step
+	Increase the bet (alternate)
−	Decrease the bet (alternate)
B	Buy Bonus (opens the confirmation)

Sound

Quick audio control without reaching for the sliders.

KEY	ACTION
V	Open / close the Volume panel
M	Mute all / unmute

Panels & Navigation

Open the side panel and move around it entirely from the keyboard.

KEY	ACTION
0	Open / close the side options panel

KEY	ACTION
↑ or ↓	Move between panel controls (while the panel is open)
← or →	Drag the highlighted volume slider (while the panel is open)
Enter	Activate the highlighted control (while the panel is open)
H	Open Help
R	Open Rules
← or →	Previous / next page (while Help or Rules is open)
Esc	Close the open panel or popup

Good to know. Browser and system chords (such as ⌘R or Ctrl+C) are never intercepted, and shortcuts pause automatically while you're typing in a field. The **B** Buy Bonus key always opens a confirmation first — it never spends instantly.
